OUR SERVICES

PALLIATIVE CARE

Focus on Comfort and Well-being:

- In home visits provided by Nurse Practitioner or Physician
- May be seen up to 4 times a month in the first month after hospitalization and monthly services thereafter

Improved Quality of Life:

- Focus on comfort and well-being by managing symptoms related to their palliative diagnosis
- Advanced care planning and prognosis conversations
- Prescribe medications, DME, and coordination of supportive services (HH, Medical testing, wound care, etc)

TRANSITIONAL CARE MANAGEMENT

Avoid Unnecessary Hospital Readmissions:

- We ensure a smooth transition back home after your hospital stay.

Dedicated Support:

- Expect contact within 48 hours and four home visits within the first month.

Our services are covered by Medicare and most major insurance plans.
